ACC SENIOR SERVICES

A COMMUNITY OF CARING

2025—2026 IMPACT REPORT

Everyone deserves the opportunity to age with dignity, purpose, connection and care. Every day, that belief comes to life because of donors like you.

Behind every number in this report is a person. A caregiver who found support when the responsibility became overwhelming. A senior who regained the confidence to leave home and reconnect with the community. A resident who found friendship and connection after experiencing isolation. A family who had one less barrier standing between them and the life they wanted to live.

Each of those moments stengthens our community of caring — people like you who believe in ACC's mission and choose to invest in it. Your support helps ACC reach beyond our doors, respond to changing needs and ensure that older adults and their families have access to the resources, relationships and care they need to thrive.

As you read this report, we invite you to look beyond the numbers and see the people whose lives they represent. The numbers tell us what we do; their stories tell us why it matters.

Thank you for being an essential part of the ACC Senior Services community.

With gratitude,

Jill Hays
Interim President & CEO
ACC Senior Services

ACC's Mission: To promote the general welfare and to enhance the quality of life for our community by identifying, developing, and providing culturally sensitive health and social services for older adults.

ACC Services Out in Our Communities Meeting People Where They Are

At ACC Senior Services, our impact doesn't stop at our front door. We meet people where they are: at home, in their neighborhoods, and alongside community partners throughout the Sacramento region.

This year, ACC Senior Services served more than 5,700 older adults and family caregivers from diverse backgrounds, ages, and abilities.

Our staff and volunteers take ACC's services "on the road," bringing support directly into the community through transportation and senior escort services, employment assistance, caregiver resources, mental health support home visits, resource connections and referrals, and community outreach events.

By bringing services closer to where people live, we can reach older adults and family caregivers who may face barriers to accessing traditional services. This community-based approach helps us consistently connect with people from diverse backgrounds, circumstances, and abilities.

Thanks to your support, our impact isn't confined to a building. Wherever an older adult or family caregiver needs us, ACC is there, building connections, opening doors, and creating a bridge to greater independence, well-being, and belonging.

Your generosity creates opportunities for people to be seen, heard and connected.

Aggregate data points from 2026 Resident, Participant and Volunteer surveys.

For more than five decades, ACC Senior Services has been building bridges—between people and opportunity, between caregivers and support, between older adults and the communities they call home.

Your generosity doesn't just fund a program. It creates possibilities for people. Your support helps make healthy aging accessible, culturally responsive and engaging.

Be Part of Our Mission

As we look to the future, ACC is taking important steps to strengthen our organization and strategically prepare for the years ahead. We remain committed to ensuring our programs and services evolve with the changing needs of older adults and families in our community.

We are grateful for you - our supporters, volunteers, and partners - who make our work possible. Your generous support helps ACC meet today's needs, strengthen our programs, and build a more caring and connected future for our community.

Please consider making a gift today and be part of our mission.
